The client buys the shirts they desire and either delivers them or mail them to me. I will provide an address once the job is outlined.

All first-time printings have a \$25 screen burning charge. I will reburn a screen to print more shirts for \$10 if it is within 3 months of the original order.

I can use a high-resolution PDF or PNG for printing, however a Photoshop file at 300 DPI resolution with the colors pre-separated is ideal.

I can design an image or prepare it for printing for \$25/hour.

If I need to make changes to the design or spend time altering it, I will contact the client and discuss how long it will take me.

I give free quotes and assistance! If you have any questions or a concept you need help with, reach out to me via email (elena.s.gray@gmail.com) and I can discuss it with you.

I send an invoice once the project is outlined. I take 30% payment upfront and the remaining 70% once the shirts are delivered to the client.
